Using the Chapters 1 to 3 Review

Each question reviews different skills and concepts. The students might work independently to complete the Chapters 1 to 3 Review, then in pairs to compare solutions. Alternatively, the Chapters 1 to 3 Review could be assigned for reinforcing skills and concepts in preparation for a specific chapter Practice Test.

This is an opportunity for students to assess themselves by completing selected questions and checking their answers against the answers in the back of the student textbook. They can then revisit any questions with which they had difficulty.
