

Group Investigation Group Assessment Checklist

Project: _____

What to Do

- Complete the chart below without discussing your answers with other group members. Use a check mark (✓) to show how you feel about each statement in the first column of the chart. In the last column of the chart, write a comment to explain why you feel that way.

Statement	I disagree strongly	I disagree	I agree	I agree strongly	Why I agree or disagree
Our group supported and encouraged me and others in the group.					
Our group did not argue about the best approach for completing the task.					
Everyone in our group shared their ideas and information with each other.					
Members of our group, including me, willingly accepted tasks.					
Members of our group checked with me and each other often.					
Everyone worked together to meet our group goal.					
Members of our group took their roles seriously.					
Our group shared responsibility for preparing and presenting our results.					
There are a number of things I would do differently for the next group project. (List these on the back of this checklist.)
