**Using the Chapters 1 to 8 Review**

- The Chapters 1 to 8 Review is organized by chapter and is designed to completely review the concepts studied in the student textbook.
- Have students work independently to complete the Chapters 1 to 8 Review, and then work in pairs to compare solutions. Alternatively, the Chapters 1 to 8 Review could be assigned for reinforcing skills and concepts in preparation for the final examination.
- This is an opportunity for students to assess themselves by completing selected questions and checking their answers against the answers in the back of the student textbook. They can then revisit any questions with which they had difficulty.
