Accommodations

Memory—have students prepare a concept sheet containing the information on the word wall. Allow students to use this for the test.

Visual—allow the use of technology for problems that require the interpretation of graphs

Teaching Suggestions

- The Chapter Review is organised by chapter sections and is designed to completely review the concepts studied in this chapter.
- You may wish to provide students with copies of **BLM G-1 Grid Paper** and **BLM G-3 Four Quadrant Grids**.
- The students might work independently to complete the Chapter Review, then in pairs to compare solutions. Alternatively, the Chapter Review could be assigned for reinforcing skills and concepts in preparation for the Practice Test. Provide an opportunity for the students to discuss any questions containing strategies or questions with features they find difficult.
- After they complete the Chapter Review, encourage students to make a list of questions that caused them difficulty, and include the related sections and teaching examples. They can use this to focus their studying for a final test on the chapter's content.

Ongoing Assessment

Student should use the Chapter Review to determine the topics that they need most help with to prepare for the chapter's summative assessment.

Extra Practice

- Use **BLM 4-11 Chapter 4 Review** for extra review.
