## Energy Consumption

Make a bar graph showing electric energy consumption at home. Check off each step as you do it.

- ☐ Use the data in Columns A and F in the table on page 165 of the student resource.
- ☐ Title your bar graph.
- ☐ Title the y-axis as "Cost per Month."
- ☐ Decide on a scale for the y-axis. Number the y-axis.
- ☐ Title the x-axis as "Electric Devices."
- ☐ Graph the cost per month for four devices. Label each bar.
