# Research Waste Materials

1. Choose one material from this list.

- |                  |       |               |           |
|------------------|-------|---------------|-----------|
| paper            | glass | plastic       | cardboard |
| sawdust and wood | metal | organic waste |           |

2. Use the Internet or the library to help you answer the following questions about how the material you chose is handled at school. Then share the information with your group.

Material: _____
<p><b>a)</b> What happens to it?</p> <p>_____</p> <p>_____</p> <p>_____</p>
<p><b>b)</b> Is this good or bad for the environment? Explain your thinking.</p> <p>_____</p> <p>_____</p> <p>_____</p>
<p><b>c)</b> What better way do you suggest for handling this waste?</p> <p>_____</p> <p>_____</p> <p>_____</p>
<p><b>d)</b> What are the difficulties involved with your proposal?</p> <p>_____</p> <p>_____</p> <p>_____</p>
<p><b>e)</b> What could be the result of your proposal?</p> <p>_____</p> <p>_____</p> <p>_____</p>
