## **Task: Home Renovations**

Chapter **7** 

1. Choose a home improvement or design project that interests you. You could renovate a room in your home or landscape an area in your neighbourhood. You will have a budget of \$2000.

Project:
Make a list of the steps involved in the project. For example, to renovate your bedroom, you might repaint the walls, replace or install carpet, replace the electrical fixtures, replace windows, and refurnish the room.
