ASSESSMENT CHECKLIST 3 **Performance Task Self-Assessment**

Goal • Assess your own performance in a science project you did with a group.

Name of Project

Project Description

Describe Your Role

1. How does this group project compare with others you have done? Explain.

2. Suggest some ways you can improve your participation in group projects.

ASSESSMENT CHECKLIST 3**Performance Task Self-Assessment****(continued)**

Complete the chart. Use a check mark (✓) to show how you feel about each statement in the first column of the chart. In the last column of the chart, write a comment to explain why you feel that way.

Statement	disagree strongly	disagree	agree	agree strongly	Why I agree or disagree.
I contributed to group discussions.					
I listened to others in my group.					
My ideas, knowledge, and opinions were important to my group.					
I helped my group solve disagreements.					
I kept our goal in mind throughout our project.					
I worked well in the role I was assigned.					
My role was important to the group's success.					
I made sure I prepared what I said I would – and prepared it on time.					
I helped others in my group.					
My material included a variety of media.					
I learned from others in my group and in other groups.
