ASSESSMENT CHECKLIST 4 Performance Task Group Assessment

Goal • Assess how well your group worked together on a group science project.

Name of Project

Group Members' Names	Roles
_____	_____
_____	_____
_____	_____
_____	_____
_____	_____

Answer the survey below without discussing your answers with other group members.

1. Describe how your group organized itself so that everything would get done for this project. Explain how well you think the organization worked.

2. Describe a difference of opinion or approach experienced by your group and how the group handled this disagreement.

3. List at least three things that could be done differently in your next group project.

ASSESSMENT CHECKLIST 4**Performance Task Group Assessment
(continued)**

Complete the chart below without discussing your answers with other group members. Use a check mark (✓) to show how you feel about each statement in the first column of the chart. In the last column of the chart, write a comment to explain why you feel that way.

Statement	disagree strongly	disagree	agree	agree strongly	Why I agree or disagree.
Our group supported and encouraged me and others in the group.					
Everyone in our group shared ideas and information with each other.					
Members of our group, including me, willingly accepted tasks.					
Members of our group checked with me and with each other often.					
Everyone worked together to meet our group goal.					
Members of our group took their roles seriously.					
Our group shared responsibility for preparing and presenting our results.
