

<b>CHAPTER 10</b>	<b>Thought Lab 10.1: Designing a Muscle Fibre Model Answer Key</b>	<b>BLM 10.1.7A</b>
<b>ANSWER KEY</b>		

### Answers to Analysis Questions

1. Your answer will depend on the materials that you selected and how you decided to put your model together. You should note if your model is lacking any components, based on comparison with the models of other groups.
2. Your answer will depend on the materials that you selected and how you decided to build your model. You need to indicate that these fibres would have to be linked in some fashion.
