

CHAPTER 16	Comparing Meiosis and Mitosis Worksheet	BLM 16.3.5
HANDOUT		

Fill in the chart below with the missing information.

Factor	Mitosis	Meiosis
Type of cell(s) involved		
Number of rounds of division in one complete cycle		
Number of duplications of chromosomes		
Number of cells resulting from one complete cycle		
Chromosome number of parent cell (human)		
Chromosome number of resulting cells (human)		
Role of resulting cells (human)		
Function of division process
