d) How can you calculate three-quarters of a dollar?
<del></del>
3. a) What is a quarter of 8? What is three-quarters of 8?
<b>b)</b> What is a quarter of 16? What is three-quarters of 16?
c) What is a quarter of 24? What is three-quarters of 24?
d) What is a quarter of 20? What is three-quarters of 20?
what is a quarter or zo: what is three quarters or zo:
4. How many of Canada's 20 ecozones are marine ecozones?
How did you obtain your answer?
<b>5.</b> How many terrestrial ecozones does Canada have?
Use two different ways to calculate your answer. Show your thinking.
