

Chapter 2 Wrap It Up!

This worksheet will help you with the Chapter 2 Wrap It Up! on page 73.

Plan an international meal that will serve 10 people. Include at least one dish from each of the following categories:

- a soup, salad, or appetizer
- a main course
- a dessert

Create your meal plan.

1. Finalize your invitation to the meal. Ensure that your logo design has an area of 36 cm^2 and uses colours or measurements to show each of the following ratios:
 - 4 : 3
 - 2 : 3 : 4
2. Record your recipes for a soup, a salad, or an appetizer, a main course, and a dessert on a separate sheet of paper. Include information on how to make the recipe.
3. In the table below and on the next page, record the following information for the main course and the dessert. You have already recorded this information for the soup, salad, or appetizer on **BLM 2-11 Section 2.3 Math Link**.
 - Record the name and category of your recipe.
 - Record the number of people your recipe serves.
 - In column 1, record the list of ingredients.
 - In column 2, write the amount needed of each ingredient.
 - In column 3, determine the amount of each ingredient needed to serve 10 people. Use proportions to help you. Show your work.

Recipe _____ Category _____ Serves _____		
Ingredients	Amount Given in Recipe	Amount Needed to Serve 10

Name: _____ Date: _____

BLM 2-13
(continued)

Recipe _____ Category _____ Serves _____		
Ingredients	Amount Given in Recipe	Amount Needed to Serve 10

Name: _____

Date: _____

4. Justify your calculations for one recipe in #3.

5. a) Choose one of your recipes in #3. _____

b) Research the cost of each ingredient by visiting a grocery store, looking at grocery store flyers, or discussing costs with someone who shops regularly for groceries.

- In column 1, record the list of ingredients.
- In column 2, write the amount of each ingredient needed to serve 10 people.
- In column 3, determine the cost of each ingredient for 10 people. Use proportions to help you. Show your work.

Recipe _____		
Ingredients	Amount Needed to Serve 10	Cost
The total cost of the dish is _____.
