

Name: \_\_\_\_\_

Date: \_\_\_\_\_

## Organize Your Class Flag

If there are more than 24 students in your class, add some rectangles to this flag. If there are fewer than 24 students, remove some rectangles.

1. How many girls are in your class? \_\_\_\_\_

How many boys? \_\_\_\_\_

Use two different colours to represent the fraction of boys and girls on your flag.

2. Use the table to write down the information about your class. Include that information on the class flag.

Makeup of Class	# of Boys	# of Girls
Example: Students who have an older sibling	3	2

You may wish to use the back of the sheet for additional questions and the related data from them.
