Circuits Performer

Record your answers below for Test It! Become a Circuits Performer.

- 15. a)** Now that you have seen the circuits designed by other groups, what changes would you make to your own circuit? **Note:** You may prefer to draw your revised circuits on the back of this worksheet.

- b)** Why would you make the changes?

- 16.** What helped your group work together as a team to build your circuit?

- 17.** How could you improve your group's teamwork next time?
