# Virtual Dissection

## What to Do

1. Go to the web site. Then follow the instructions on each screen.
2. Use the information to answer the questions that follow.

## What Did You Discover?

3. List the external parts of the frog you saw.

---

---

4. Describe the three incision cuts to start the frog dissection.

- \_\_\_\_\_
- \_\_\_\_\_
- \_\_\_\_\_

5. Name the two layers that need to be cut and pinned back before you can see organs.

\_\_\_\_\_ and \_\_\_\_\_

6. List the organs you saw as soon as the body cavity was opened.

---

---

7. Which organs lay beneath other organs?

---
