Chapter 1 Wrap It Up!

This worksheet will help you with the Chapter 1 Wrap It Up! on page 39.

You will create a bead design on a coordinate grid.

Step 1: Follow these guidelines. Check when completed.

Requirement:	Completed
The design lies in one quadrant of a coordinate grid.	
The edges of the design lie along both axes.	
It includes at least one transformation.	
It has no more than 30 beads.	
More than one colour is used.	

Step 2: Follow these guidelines in order. Check when completed.

Requirement:	Completed
Reflect the design over one of the axes.	
Reflect the two designs over the other axis.	

Step 3: Write a description of your design that explains the transformations you used.
