

Section 10.4 Math Link

This worksheet will help you with the Math Link on page 381.

Use the calendar to help answer the following questions.

1. **a)** What is the date for the first Friday in November? _____
- b)** What is the date for the second Friday in November? _____
- c)** What is the date for the third Friday in November? _____

2. Complete the table of values for your results from #1.

Friday	Date
1	
2	
3	

3. **a)** Write an expression for the dates of Fridays in November.

4. Determine the dates for all Fridays in November. Record your results in the table.

5. Graph your table of values on the coordinate grid.

Name: _____

Date: _____

BLM 10-12
(continued)

6. Repeat #3 to #5 using another day of the week.

	Date

7. Compare the patterns in your two graphs. Explain the similarities and differences.

Similarities: _____

Differences: _____

8. Record the numerical coefficient for your expression in #3a). You will use this number to uncover the mystery pattern at the end of the chapter.
