# Chapter 10 Wrap It Up!

You will now find the mystery pattern for the Chapter 10 Wrap It Up! on page 385.

**1.** Fill in the numbers from the Math Links in this chapter into the boxes on **BLM 10-14 Wrap It Up! Mystery Pattern.**

**2.** Describe the pattern that the ordered pairs show.

---

---

**3.** Fill in the missing ordered pair in the boxes on **BLM 10-14 Wrap It Up! Mystery Pattern.**

**4.** Fill in the table with the values from the ordered pairs.

<i>x</i>	<i>y</i>

**5.** Write an expression for the mystery pattern.

---

---

**6. a)** Use the mystery pattern to create a math problem involving a real-life situation. For examples, see #13 and #15 of the Chapter 10 Review.

---

---

---

---

---

---

**b)** On a separate paper, write the solution to your math problem.

**7.** Exchange problems with a partner. Solve your partner's problem.
