

## Section 6.3 Extra Practice

1. Which of these transformations represent a reflection?

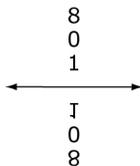

a)

b)

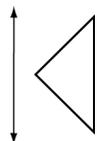

c)

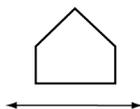

2. Reflect each shape.

a)

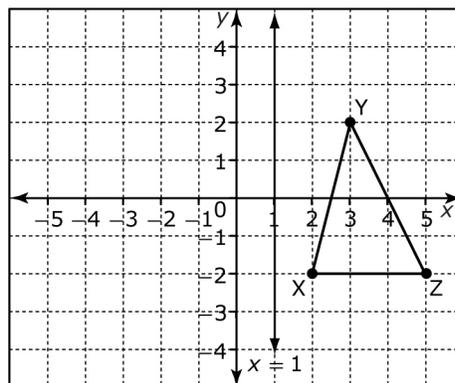

b)

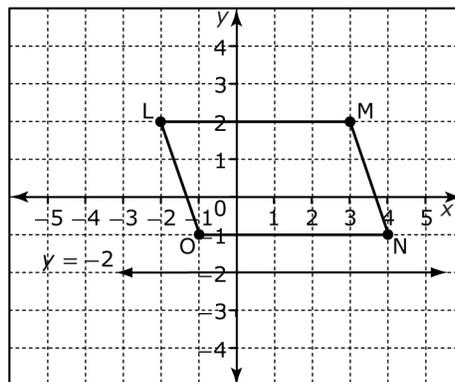

3. Reflect each figure over the line of reflection.

a)

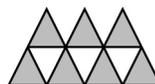

b)

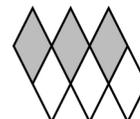

4. Draw a reflection of your phone number and check that it reads properly in a mirror.

5. Describe the transformation used to create each pattern.

a)

b)

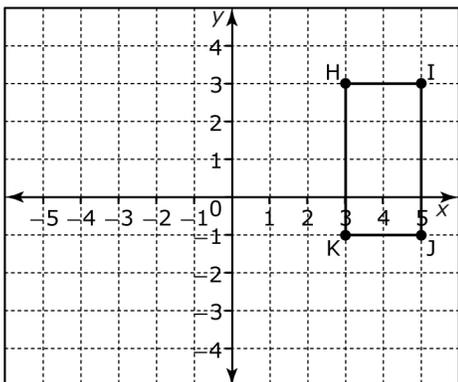

Name: \_\_\_\_\_

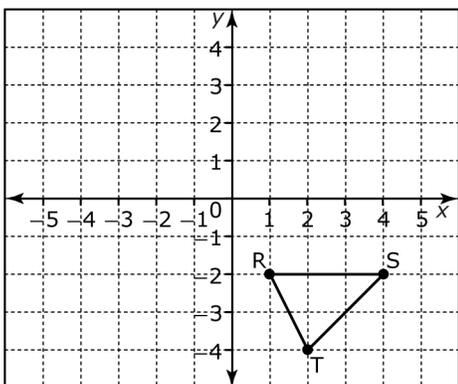

Date: \_\_\_\_\_

**BLM 6-6**  
(continued)

- 6. a)** Draw a line of reflection at  $x = 2$ . Then, reflect the rectangle over it.  
**b)** Translate the reflected image 4 units down.

- 7. a)** Draw a line of reflection at  $x = -1$ . Then, reflect the triangle over it.  
**b)** Translate the reflected image 5 units up.

- 8.** Use the tiles to create a pattern that covers a 6 by 6 grid.
